INCREASE YOUR DRIVING SKILLS

2025-2026

A UNIQUE LA GARENNE KARTING EXPERIENCE

Our highly-anticipated Karting Academy for the 2025-2026 School Year is about to start. Last year's Academy was a huge success, with students graduating to become skilful drivers with hours of karting experience behind them. Alongside track racing, they learned key life skills such as self-control, listening and respect.

This year the Academy will once again be led by karting champion Nicolas Rohrbasser. Eleven sessions are planned for this school year, with the first one taking place in September. Students will receive a thorough grounding in safety before being allowed to take the wheel of a kart.

The Academy will then continue after the Winter Break. Places are limited and only students who can demonstrate a commitment to attending every session will be allowed to join. If you would like to sign up, please contact us now, to secure your place.
