Welcome

MAKE A REAL IMPACT

La Garenne is continually striving to improve the facilities on the campus and we are both proud and delighted that our students started living and learning at the Le Roc Campus from January 2021. This has been a labour of love which has taken us nearly four years of planning and preparation, and it is extremely exciting for us all to see those plans now being realised. The school's next major project will be the Sports Centre to be built on the La Garenne campus.

We are constantly seeking ways to enhance the opportunities for our students and to find new ways to enrich their school experience. Of course, these include exciting new buildings and facilities, but they also involve the upgrading and maintenance of our current facilities - as well as financially supporting some of our students - this is where you can make a real difference! By supporting the school and our compelling vision for growth and development, you will contribute directly to creating an environment which is conducive to student learning, progress and happiness.

We remain at your disposal for any further information.

HOW CAN YOU SUPPORT?

You can choose to make a one-off donation, join our parents who opt to donate annually or donate regularly throughout the year. Any offering or amount is always gratefully received.

An engraved nameplate will be displayed to commemorate your kind donation (unless, of course, you would prefer to remain anonymous).

Some families may wish to make a pledge in memory of a loved one or on behalf of another person - simply advise us of the name required by email.

How Can You Help? LGIS Bursary Fund

You could support our students in a time of need through the Bursary Fund.

Since 1947, we have been firmly committed to widening access for all, and have strived to offer bursaries to families in order for their child to become, or remain, a part of our community. In these particularly challenging times, your donation to this fund would be hugely appreciated and most welcome.

Project 1 Library Resources

We have a collection of more than 3'500 books in our library. However, any contribution you can make will help us to continue to build our library resources and to offer a wider range of literature, periodicals, study and references materials for our community.
